

“Dear MoI” - Recent correspondence between the MoI PSCD and PSCAI

PSCAI receives courtesy copies of all letters from the MoI PSCD to member companies. These are translated and filed so they may show consistency in MoI policy, as well as serve as back up material for the company. PSCAI routinely compliments MoI efforts to advise companies, advocates company concerns, and assists PSCD by providing research or background materials. The revised PSCD Web site is a result of this collaboration.
